Buy Wise Research Report — PHONE

For: SRINI VASAN

Budget: ₹25,000 – ₹40,000
Primary Use: Gaming, Office Work, Battery Life, Programming

Our Research Summary

We have analysed the current market for **PHONE** products in your budget range.

What To Look For

Given your budget of ₹25,000–₹40,000 and use case of **Gaming, Office Work, Battery Life, Programming**, here are our key recommendations:

- 1. Prioritise value-for-money** — choose a brand with strong after-sales service in India (Samsung, Apple, Xiaomi, HP, Dell, Lenovo)
- 2. Check real-user reviews** on platforms like Smartprix, 91mobiles, or Notebookcheck rather than brand websites
- 3. Avoid buying at launch price** — wait 4–6 weeks after a product launch for the real-world verdict
- 4. Verify warranty terms** — ensure minimum 1-year manufacturer warranty with Indian service centres

Budget Guidance

Budget Range	Category
₹10,000 – ₹20,000	Entry-level / Budget

Budget Range	Category
